Second Annual Wanderer Keel Awards

Tri-Town Volunteers Honored For Their Dedication

For the second year in a row, *The Wanderer* is pleased to announce the recipients of the Annual Wanderer Keel Awards. This yearly tradition has been initiated in an attempt to highlight and applaud the efforts of those people in the tri-town area whose efforts go largely unnoticed, but not unappreciated.

The Wanderer solicits the names of potential nominees from each of the three towns, and then narrows down the list to select one recipient each for Mattapoisett, Marion and Rochester based upon the person's merits and individual recommendations. The only restriction is that the individual(s) not be compensated for their efforts — either financially or politically. This allows for the proverbial "unsung heroes" of the tri-town area to step into the limelight for this singular honor and receive a well-deserved pat on the back for their dedication.

Last year's recipients included: Maurice "Mudgie" Tavares of Mattapoisett; Claire Russell of Marion; and Joseph McCarthy of Rochester.

This year, *The Wanderer* hopes you will join us in commending the following individuals as the recipients of the Second Annual Wanderer Keel Awards:

- **MATTAPOISETT — Priscilla Alden Hathaway, Aucoot Road.**

Priscilla Hathaway has been involved in several areas of community service over her many years as a resident of Mattapoisett. Most recently, she conducted regular tests of Aucoot Cove as part of a team of volunteers working with the Coalition for Buzzards Bay to help monitor and maintain water quality at the site. As a participant in the Garden Group of the Mattapoisett Woman's Club, Ms. Hathaway has worked with her fellow club members to beautify the town by planting and maintaining the window boxes at the Post Office, the Town Hall, and the intersection of Route 6 and Church Street Extension.

For more than twelve years, she also served as Chairperson of the Mattapoisett Historical Commission, and was responsible for making weekly trips to Plymouth to date Mattapoisett's old and historic homes — a project which resulted in the mounting of historic plaques on the front of more than 150 buildings in town. She has also served as the town's representative to the state's Coastal Zone Management, worked as a deputy shellfish warden, was past president of the Mattapoisett Historical Society, and was a founding member of the Mattapoisett Land Trust.

- **MARION — Ralph and Phyllis Washburn, Wareham Road.**

For many years, Ralph and Phyllis Washburn have befriended and cared for "Sam the Swan," taking food to

him along the shores of Marion Harbor, feeding him by hand and sharing his life as trusted friends. If Marion ever had a mascot, it was the late Sam the Swan.

Although Sam has since departed, the memory of Mr. and Ms. Washburn's ongoing dedication to the elegant and majestic bird can be likened to the solidarity and charity for which Marion residents are noted. Just as residents last year combined their efforts to assist their sister city of Hannibal, Missouri during the tragic flood, and more recently have rallied behind the preservation of the historic Music Hall, Mr. and Ms. Washburn are stellar examples of the town's selfless devotion.

The couple has since taken over the care of Sam's former mate, "Little One," and continue to prove that the simple things in life are truly worth savoring. In nominating them for the award, resident Bob Gardner quoted the following from William Cullen Bryant's "To A Waterfowl":

"Thou art gone? the abyss of heaven
Hath swallowed up thy form: yet on my heart
Deeply has sunk the lesson thou has given,
And shall not soon depart.
He who, from zone to zone,
Guides through the boundless sky thy certain

flight,
In the long way that I must tread alone,
Will lead my steps aright."

- **ROCHESTER — Jean Fennell, North Avenue.**

Although Jean Fennell first started coming to the Rochester Council on Aging Lunch Site just to get out and meet people, she has since become a regular face at the COA office and to all staff members and visitors at Town Hall. After becoming a COA Board Member, she has been a dedicated volunteer and frequently demonstrates her

talent with crafts at the Rochester Senior Center. As Secretary of the Tri-Town American Association of Retired Persons (AARP) and Hospitality Chairman of the Rochester Woman's Club, Ms. Fennell continues to devote her efforts toward enriching the lives of Rochester's senior community.

In 1994, Ms. Fennell received an award from the Council on Aging for her volunteer work, was presented with a Certificate of Appreciation from the Rochester Memorial School for serving on their Leadership Council in 1993-1994, and was named an "Outstanding RSVP Volunteer" by the Mayflower Retired Senior Volunteer Program (RSVP) for 1993-1994.

The Wanderer proudly applauds the efforts of Ms. Hathaway, Mr. and Ms. Washburn, and Ms. Fennell as recipients of the 1995 Wanderer Keel Award.

sent a letter to the board advising them that they have a large "Marion rock" located in their front yard which they think would be appropriate to display a plaque at the front of Taber Hall as voted at the Annual Town Meeting. "Although it is large, it does have a flat front side that could be used for the plaque," the letter stated. "If you think it may be appropriate ... take it away."

The board suggested that DPW Superintendent Rob Zora take a look at the prospective rock and report back to them. Selectman Schaefer also joked that they probably will be getting many suggestions of this type.

The Benjamin D. Cushing Post 2425 of the VFW next submitted a letter informing the Board of Selectmen that plans are already underway for the annual Memorial Day Parade and festivities. The following VFW members were listed as serving on the parade and observance committee: Jere L. Hill, Warren Washburn, Manuel A. Barboza Jr., Franklin Gibbs, Richard Ziembra, Rodney P. The state Division of Marine Fisheries next sent notification that a Special Permit has been issued for the relaying of contaminated shellfish from the New Bedford/Fairhaven outer harbor to the waters of Sippican Harbor. The permit is effective from June 1 through June 15, with no more than 257 bushels of quahogs to be relayed.

The relay sites in Marion include all of Planting Island Cove, and a triangular portion of Sippican Harbor from Black Point to Little Island, from Little Island to Allens Point, and from Allens Point back to Black Point.

Under the DPW report, Chairman Winters noted that the Spring Flushing Program has been completed, and the department will next be working on flushing and rowting the sewer system in sections. The DPW has also begun the digging out of a new basketball court at Silvershell Beach; and a number of trees have arrived at Town Hall

Chairman Winters then noted that the board had drafted a new Reappointment Policy in anticipation of making town-wide committee reappointments next week. He explained that there has been some concern as to certain committee members' attendance records.

getting the necessary quorum to hold their meetings," Chairman Winters said. "So we've drafted this policy ... so the burden will be upon us to act so the chairman won't be perceived as favoring anyone."

The policy clearly states that should a member miss three consecutive monthly meetings, or four consecutive semi-monthly meetings, or a majority of meetings within a calendar year, that person shall be brought in before the Board of Selectmen and may be asked to resign, or not be reappointed.

The board unanimously approved the new reappointment policy as drafted.

There being no other matters to come before the board, they voted to go into Executive Session at 7:25 pm to discuss a personnel matter. They would come out of Executive Session for the sole purpose of adjourning for the evening.

Rochester Selectmen's Meeting
May 8, 1995

A meeting of the Rochester Board of Selectmen was called to order on Monday, May 8 at 7:00 pm by Chairman Michael Murphy. Also present were Selectman David L. Hughes, Selectman Lorraine Roy Hawkes, and Administrative Secretary Shirley A. Ferreira.

After approving the minutes of the May 1 meeting with some minor corrections from Selectman Hawkes, the board reviewed incoming correspondence for the week, beginning with a letter from Dispatcher Elmer Lawrence who is officially retiring from duty on June 2. Having worked for the tow in various capacities over the years, Mr. Lawrence cited his health and a need for rest and relaxation as his reasons for retiring at this time.

"My physician has determined that it will be in my best interest to retire and take time to enjoy not having to adhere to any type of work schedule," Mr. Lawrence noted in his letter. "I write this letter with mixed emotions ... it has been interesting, educational and enjoyable working in the positions I have held."

Selectman Hughes moved to accept Mr. Lawrence's decision, with regret, and asked that a letter of appreciation be sent to him for all his years of dedication to the Town of Rochester. The board unanimously approved the motion and all three Selectmen agreed to sign said letter.

Chairman Murphy noted receipt of copies of recent Board of Appeals decisions rendered upon requests from Dorothy A. Mann and Richard Cole. The board issued a Special Permit to Ms. Manning to allow the operation of a business in a residential/agricultural district, and a Special Permit to Mr. Cole to allow temporary occupancy of a trailer while constructing a

Under notices for the week, Chairman Murphy cited a Regional Board of Selectmen's Meeting will be held on Tuesday, May 9 at 10:00 am. As none of the board will be able to attend, their designate, John Hall, has agreed to attend on their behalf. The Board of Appeals will also be holding a Public Hearing on Thursday, May 25 at 7:00 pm upon a request from Tim Hathaway.

The Selectmen next unanimously signed and approved:

- Renewal of an inflammable fluids permit for Laurent N. Gregoire of Cushman Road.
- Renewal of an inflammable fluids permit for Henry Roberts of Mendell Road.
- The reappointment of Alan Stata as the board's representative on the Southeast Regional Planning and Economic Development District (SRPEDD) for one year.

At 7:15 pm the board met with residents Bernard Talty and Jack Ayers, both of whom expressed interest in serving on the Board of Appeals. Mr. Talty, a lawyer by profession, said he would be able to bring his legal

expertise to the position. Mr. Ayers, a former real estate broker, also cited his past job experience in being able to serve on the Board of Appeals. The board unanimously moved to appoint both men as alternates on the Board of Appeals, effective immediately. The appointments round out the Board of Appeals, bringing them back to a full slate of five voting members with two alternates.

Under Old Business, Selectman Hawkes informed her fellow board members that she had contacted a representative of the Wampanoag tribe, and they will not allow a town representative to attend tribal meetings.

"I suggest we write to (Senator Marc Pacheco) and other legislators, asking them to stress that Rochester will be directly impacted by the (New Bedford) casino as (the city) draws their water from Rochester," Selectman Hawkes said. "(The allocation of money) is really going to be handled by the State Legislature ... but I think we need to let them know that Rochester should be getting a piece of the pie."

The board agreed and unanimously voted to send a letter to their legislators to ensure that some funding be funneled back to Rochester. They also voted to send a letter to Vincent Ryan, who last week offered to serve as the town's representative at meetings concerning the proposed New Bedford Wampanoag Casino, informing him of this matter.

The board also unanimously voted to pay a \$2,624

invoice for the carpentry work completed at the Communications Center, and approved a change in the specifications of a recent vote on removing a portion of land owned by Ben Gilmore from Chapter 61A Classification.

Also under Old Business, Chairman Murphy asked that the various Department Heads be contacted to make sure their personnel files are updated on a regular basis. "I want to make sure that everyone's file is complete ... including a list of their accomplishments, their schooling, or any commendations or reprimands," he said.

But Selectman Hawkes noted that without a solid Personnel Policy in place, there isn't anything to dictate what should and should not be put into the personnel files. "I think we need to establish a Personnel Policy first," she said. "Then we can consider putting together a personnel review form, and define what is expected."

The board agreed to look into Personnel Policies which are already in place and use them as a model for creating their own.

Chairman Murphy also asked that a memo be sent to Police Chief Walter V. Denham to find out if he had received his grades from the recent management course he took at Babson College, and ask that a copy of said grades be sent to the board.

Under New Business, the board received a letter from Ann and Lorne Estabrook, new residents to town who wished to praise the efforts of Town Hall Clerk Veronica Lafreniere in helping them complete the building of their home in the fall and winter of 1994.

"We would not have been able to complete our project without the interest and assistance from Town Clerk Veronica (Lafreniere)," they wrote. "We very greatly

The board echoed the sentiments and asked that the letter be placed in Ms. Lafreniere's personnel file.

Also under New Business, Selectman Hughes asked that a thank you letter be sent to the Todesca Corporation for completing the repaving of the Town Hall parking lot; requested an inventory list of all equipment currently owned by each town department and respective employee for future purchase reference; and asked that they meet at 6:30 pm next week prior to the Annual Town

Meeting.

At 7:40 pm the board met with Ken Cutler of the Coast Guard Auxiliary Marion Flotilla to sign and approve a proclamation designating the week of May 20 through 26 as "National Safe Boating Week" in Rochester. Mr. Cutler noted that this is an annual event which is recognized nationally and administered by both the Coast Guard and Coast Guard Auxiliary.

As a special kickoff in the tri-town area, the Marion Flotilla will be showcasing a display of updated distress signals at Ned's Point in Mattapoisett on Saturday, May 20 at 10:00 am. "As you may know, many of the (marine) distress signals expire and change," he said. "This will be a nice opportunity to see the current signals."

At 7:55 pm the board met with Town Moderator William Chamberlain, Finance Committee Chairman Pat Ryan, Town Accountant Claudette Couto, and Town Clerk Naida Parker to briefly discuss the format for next week's Annual Town Meeting, which will commence at 7:30 pm in the auditorium of Memorial School on Pine Street on Monday, May 15.

The board reviewed the articles up for consideration and discussed procedural plans for the Town Meeting. Ms. Ryan noted that they are essentially going into Town Meeting with a balanced budget and the town is in fairly good financial shape.

"We are in a position this year where we can proceed without getting into too much mischief," she said.

"Some \$30,000 will be left in Free Cash, we'll be putting \$140,000 into the Stabilization Fund, and we'll be coming in with a balanced budget as long as no one pulls the rug out from under us."

Ms. Ryan noted that the members of the FinCom agreed that no money should be borrowed this year, as interest rates are too high and the town should work to reduce its level of debt. "Most of the bankers on the Finance Committee didn't think it made sense to borrow this year," she said.

There being no further matters to come before the board, they unanimously voted to adjourn for the evening at 8:35 pm.

Letters to the Editor

To the Editor:

Sitting on my front stoop at 5:55 pm on a weekday afternoon, my consciousness is pulled out towards the street — North Street — about 60 feet from where I'm positioned. I'm thinking to myself how much in a hurry everyone seems now-a-days, especially those drivers who are speeding by my observation post. None can be doing the speed limit, I decide.

For a brief moment all I can hear are the singing birds and a distant suburban lawn mower, then bashing through is another flurry of cars from north and south. Again, none, except for a neighbor just pulling out of his driveway, seems to be doing the speed limit, 35 mph.

★★★ 1/2 (3 1/2 Star) Rating by Dick White

I wonder what will it be like when the wonderful new sidewalk and resurfaced North Street have been completed. Will I be heartened to see families walking joyfully along, bonding in the early evening air, while bobbing and weaving around dog dirt? (Does Mattapoisett have a pooper scooper law yet?)

I wonder where those families are now, those smiling children on tricycles, those mothers and fathers pushing baby carriages, those youngsters learning how to roller skate. On a side street? I guess I do know where they are ... they reside in my memory back when most households required only a single income and many women had the luxury of staying home with their children. Afternoon walks with your not-yet-school-age

kids are memories from my childhood, not realities of today's world. A jogger goes by my vantage point along with a pumping cyclist. Would a jogger or a cyclist use the sidewalk? How would that interfere with the walker?

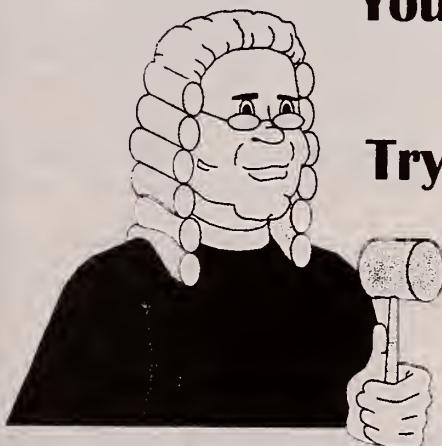

The wonderful new street and sidewalk will be enjoyed, I rationalize. It will be enjoyed by a minority of people, while the vast majority of home owners on North Street will be tremendously inconvenienced short term and long term. I'd gladly give the needy something to eat and clothes to wear, but do I have to give the privileged my front yard?

I guess I will. Ten feet of my front yard will be given to the state so that Mattapoisett does not have to use its own funds to resurface North Street. Along with that

portion goes 30 feet of green shrubs that provide some kind of barrier between my living room and the speeding cars.

Gone are the daylilies taken from my mother's yard and lovingly transplanted to my front yard. Gone will be a sense of security. Drivers will be able to see me watching TV in my bathrobe, that is if they go the speed limit, otherwise I'll be a blur. The rain water and snow melt that previously sprayed into the middle of the front lawn will now, most likely, hit my first floor windows. If a rock is thrown up from a passing car, who pays the damage?

No one living on the side streets will care about my quality of life or the lives of home owners whose houses are unfortunately situated even closer to North Street than mine. Maybe I'll be comforted when I see everyone taking advantage of the new sidewalk and waving to me as they pass my home. All the children who I never see at my door on Halloween will now appear, miraculously, having walked over to my house on the sidewalk. I'll have to buy more candy next time.

Or maybe I'll feel taken advantage of by people who just didn't give a damn about "us" as long as they've got a new road (without dipping into town funds). Perhaps drivers will be speeding home to take a walk with their families. Perhaps everyone who has a stone wall to relocate, trees that will be felled, bushes that will be torn up, and lawns that will be paved over should be given the opportunity to have their names written in the concrete of the sidewalk, while the mix is still wet.

Or maybe we better let the town administrators know just who we are and how we feel before the ink dries

PLAN FOR FORESEEABLE FUTURE

If you are a househunter, no doubt you already have some preconceived notions about the fundamental requirements of your new home. Here's a thought to consider which may help facilitate the image of your new home's "master plan" as well as your long range financial planning:

Consider the stage of your family life, and how it should change within the next five to ten years. As your family numbers decrease by means of vocation, campus living, and marriage, so will your space requirements.

Don't imagine that your task is to find a home in which you will live happily all the rest of your days. A home is not forever. For perfectly sound reasons, such as advancing age, changing career prospects, changing family size and requirements, people tend to move on, often in less than ten years. So plan for the foreseeable future not for infinity.

Call Fisher & Rocha today with any of your Real Estate questions or needs, we're here to help!! 758-6738.

To the Editor:

This year, the public school parents' groups of Marion, Mattapoisett, and Rochester joined forces with tri-town early childhood programs around a common interest in the topic of violence in the lives of children. Parents had questions about how to address violence as it enters family life through the media and in our communities. Teachers wondered how to respond to toy weapons in the classroom and Power Ranger play at recess.

Through readings and research, the group quickly identified some excellent resources to respond to these questions. Funding was the next stumbling block. An appeal went out to local community service organizations, the parent organizations, and the local preschools and child care centers. Their generous response made possible presentations by Deborah Chiavrialotti, Newbury PTA President; Petra Hesse, Wheelock College; and Memorial School, Old Rochester Regional Junior High and Old Rochester Regional High School Peer Mediation Teams.

The organizers would like to take this opportunity to publicly thank those programs and organizations whose contributions made these events possible: Little People's

We would also like to alert you to some events planned to keep the focus on this important topic.

The leadership of the parent-teacher organizations of our three towns have prepared a program titled "Taking Charge of Your TV" for use in classrooms on May 10, 11 and 12. Continental Cablevision has provided several videos about critical viewing to each elementary school. Students have been invited to develop their own commercials which Continental has offered to air. will be "No TV Day" in Marion and Rochester.

Mattapoisett schools will make the entire three days "No TV Days."

Parents will also receive a packet of information at the beginning of the week and be invited to participate in a workshop on critical viewing and the media scheduled for May 10. The collaboration with Continental (Cablevision) and its commitment to educating parents and children in critical viewing skills offers families the opportunity to take some positive steps in addressing violence in our culture.

Sincerely,
Jane Taylor

The future of our region belongs to our children - Don't Gamble With It!

"Some gamblers neglect their kids. The chubby 12 year old boy standing at the entrance to Foxwoods Casino one night is an example. 'I'm trying to see if I can spot my mom,' he said. The boy goes to the casino twice a week with his mom. 'She gives me money to play the video games and ride the rides. The latest I've been here is 4:30 A.M.,' he said. Asked what he did late at night after the arcade rides shut down, the boy said wistfully, 'I stand at the door and watch my mom gamble.' " (Massachusetts Family Institute, *Viewpoint*, 10/1/94)

Is this the environment we want to create for our children?

What will our legacy to them be?

"Consider the future.

If you were a parent looking for a good place to raise your children,
would you choose a gambling town?

If you were a retiree looking for a safe place to retire,
would you choose a gambling town?

If you were a single woman looking to build a new life,
would you choose a gambling town?

If you were a corporate executive looking for a place to locate your company,
would you choose a gambling town?

Not likely.

ONLY MORE GAMBLING COMES TO A GAMBLING TOWN!"

to compete in the State Math Meet which was held in April at the Boston Latin High School. There, they tied for ninth out of 32 teams in the competition. Nat Lanza earned the high score of the team at the state meet, David Hiller was second.

"Students that enjoy math should be on the team," said coach Dwayne Cameron. "The team work helps students do better in math classes in school and on college boards. It offers the opportunity to be with other students, both male and female, who enjoy mathematics."

National Merit Scholar

ORR High School senior Nathaniel Lanza has been named a National Merit Scholar. Nat is the son of

Joan Lanza of Mattapoisett.

Mr. Lanza, co-editor of the high school yearbook, has been awarded a scholarship from Taylor Publishing Company, which is granted to National Merit Scholars who are editors. He will receive \$1,000 yearly for the four years of his college career. Mr. Lanza plans to earn a degree in computer science, with a minor in philosophy. He has applied at Carnegie-Mellon University, Worcester Polytechnic Institute, Rensselaer Polytechnical Institute, and Harvard University.

Nat is a member of the high school's Math Team, and is a participant in the Honor Bowl. He has been on the yearbook staff since his sophomore year. His work on the yearbook combines his interests in both computer science and art, which he finds are similar in some ways.

"Design is a very important thing, even with programming," he said. "You have to design elegantly." He credits his family — his mother is a landscape architect — with his interest in design.

Although his art electives have pulled his average down (they are not considered honors courses as most other subjects are), he continued to take them. He's learned art, photography, and crafts.

Nat sees much more education in his future. "I definitely want to go for a doctorate," he said, possibly in Pure Logic. He doesn't see himself as part of a large corporation, but rather in a "micro" environment actually

Five Attend Boys State

Five members of the Class of 1996 at ORR High School will be attending the Boys State Convention sponsored by the American Legion on June 17 through June 23 at Bentley College in Waltham, MA.

The Mattapoisett Lions Club will sponsor Douglas Hunt of Mattapoisett. Casey Hohne of Mattapoisett will be sponsored by Attorney Lawrene DiCara. The George White Fund will sponsor Micah Abbott of Rochester. The Machacam Club will sponsor John Mello of Mattapoisett. The Florence Eastman Post 280 of the American Legion will sponsor David Hiller of Mattapoisett.

To be eligible for Boys State, a student must be a

member of the junior class who has been successful academically. Delegates must also show evidence of leadership ability and an interest in the democratic process. At the convention, delegates will establish and operate state government in miniature. This will include forming two political parties, holding conventions, nominating candidates, conducting campaigns, and electing officials. The primary goal of Boys State is a better understanding of how State Government functions.

Rochester Clean-Up Day

Rochester is preparing for their Annual Clean-Up Day on Saturday, May 20 from 9:00 am to 2:00 pm and, as in the past, the goal is to get as much of the town litter-free by the end of the day as possible. The event has been moved to May hoping for warmth and sunshine — something that CLEAN, Inc. isn't noted for.

If you have a specific road you wish to clean up please call Donna (763-3375) or Kenny (763-2123) so that they can keep a list of those streets that are taken care of so they know where clean-up crews are needed. The basic items that have been taken in the past will be accepted, but with *a few new exceptions and rules* that are necessary in order for this endeavor to be able to continue. The following steps have been established to ensure that everything runs smooth and so the volunteers and businesses who help are not taken advantage of:

- Proof of residency is required (Rochester only).
- Please do not wait until the last minute of the scheduled time to bring items, since they may have to refuse a load if overloaded.
- When the 2:00 pm time arrives, nothing else will be accepted. The time for the collection is 9:00 to 2:00, and there will be no exceptions made due to abuse of this

privilege last year.

CLEAN, Inc. regrets having to be strict, but last year someone left broken glass windows, rusty fencing, old car parts, car batteries, as well as many other things that were put in the Town Hall parking lot over the weekend which caused a problem for the Town Hall employees, not to mention the dilemma of where and how these items were going to be moved and to where.

The area will be monitored all weekend and anyone who does attempt to dispose of items after the fact will be caught. CLEAN, Inc., again, apologizes for these added rules that really only apply to five percent of the participants, but they have to be mentioned.

CLEAN, Inc. wishes to remind everyone to please be careful and DO NOT TOUCH ANY DEAD ANIMALS.

Coffee and donuts will be available at the Town Hall begin at 9:00 am until depleted, as well as garbage bags and plastic gloves.

Following is a list of ACCEPTABLE items and charges where applicable (dumpsters will be marked accordingly): GARBAGE — trash, and other such material as broken furniture (not to exceed 3 feet in length); TIRES — car tires \$1 each, truck tires \$5 each; METALS — all metals and steel items (white goods), refrigerators \$5 each (to remove refrigerant). Please note: in the case of propane tanks, gas tanks, and motors, ALL OILS AND FUELS MUST BE REMOVED WITHOUT EXCEPTION!

Following is a list of NON-ACCEPTABLE items: YARD WASTE — leaves, branches, pine needles; TOXIC WASTE — oil, paint, gas, pesticides; OLD TELEVISIONS; DEAD ANIMALS. Please do not ask CLEAN, Inc. to take what they cannot by law.

If there is an item that you are physically unable to get to the collection, please call the above-mentioned representatives and they will try to make other arrangements. The cost of the tires and refrigerators is what the company is charging and no profit is made from the clean up effort.

Compost Bins Still Available

Compost bins are still available for purchase at the Mattapoisett Board of Health office (758-4112). Bins are on sale at the very reduced price of \$20, thanks to a Massachusetts Department of Environmental Protection (DEP) grant awarded to the town.

Both types of compost bins are on display outside the Board of Health office on the second floor of Town Hall, along with brochures about composting. Both are rodent-resistant, have openings for efficient aerobic composting and can be easily-assembled without tools. They differ primarily in appearance and capacity: the more compact Earth Machine is better suited to small urban lots, while the Brave New Composter can handle larger volumes of yard waste.

Sippican Teacher Earns Award

Sippican School sixth grade teacher Susan Thirdgill has received the "Excellence in Inclusive Education" award from Family Connections/The Nemasket Group and the Department of Mental Retardation in New Bedford. Chosen from among ten nominees, Ms. Thirdgill will receive \$1,500 and her school will receive a \$1,000 grant for the library. Plans were in place to honor her at a reception on Wednesday, May 10 at The Nemasket Group in Fairhaven.

Ms. Thirdgill lives in Onset and is the mother of two daughters. This is her fourth year teaching at Sippican School. A graduate of Bridgewater State College, she is currently applying to master's degree programs.

Describing her philosophy of inclusion, Ms. Thirdgill wrote: "I believe that all students have the right

to belong, in the truest and most meaningful way, to a 'regular' classroom. I believe that the word 'regular' should be redefined to encompass and celebrate the diverse and changing culture school systems face today. Simply stated, I believe every student has the unquestionable right to be considered part of a classroom of their peers in every way possible."

The award committee was comprised of parents. Nominations were made by schools and the community, and nominees completed a questionnaire and were visited in the classroom by committee members.

New Life Jacket Mandate

Small boat operators, who comprise over 80 percent of boating fatalities each year, will now have an extra measure of protection aboard their boats.

As of May 1, boats under 16 feet must have one wearable life jacket, or personal flotation device, for each person aboard, under new rules issued by the U.S. Coast Guard. Under the new regulation, a "throwable" PFD, such as a buoyant cushion, will no longer qualify for the carriage requirement.

The new rules also allow states to establish their own requirements for children. Many states have already enacted rules that require youngsters to wear life jackets at all times while aboard small boats that are underway. The same rules allow the states to require people to wear life jackets while in canoes and kayaks, and while riding sailboards and personal watercraft.

The requirements for vessels over 16 feet remain unchanged.

Timing could not be better for the new regulations to take effect. The change occurs just three weeks before this year's National Safe Boating Week, May 20 - 26.

Also, the Coast Guard may adopt another rule that allows inflatable life jackets to qualify under the carriage requirements. There are several models and styles of inflatables, and because they can be worn almost inconspicuously at all times, boating safety experts believe that more recreational boaters would be encouraged to wear them.

The bottom line with safe boating advocates is that having wearable life jackets on board makes good sense, and wearing one makes even better sense, because it won't work if you don't wear it.

Art Auction in Mattapoisett

On May 27, the Mattapoisett Lions Club and the Old Rochester Regional Track Foundation will sponsor an Art Auction run by Marlin Art, Inc. A preview of the art works to be auctioned will be held at the hall beginning at 6:30 pm, and the auction will begin at 7:30 pm. Admission is \$5 per person, and purchase of an admission ticket puts you in the running for door prizes. Champagne punch, hors d'oeuvres, cakes, and coffee will be served.

Marlin Art, Inc. offers art in all media and price ranges. Artists such as Alaniz, Agam, Neiman, Delacroix, Rockwell, Moses, Boulanger, Wooster Scott, Gorman, and many others will be featured. All major credit cards will be

accepted.

The money earned from ticket sales by the ORR Track Foundation will go directly to the foundation for use in the construction of a new outdoor track at ORR High School. Design studies are currently being conducted to determine the exact costs of the project and earnings from this event will be added to the \$42,000 (plus) already collected for track construction. Tickets can be purchased in advance by calling the following foundation members:

- Mattapoisett — Ashelyn Stroud at 758-4424

Saturday, June 10 from 10:00 am to 2:00 pm. There will be all kinds of books available for our usual low prices. The library is accepting donations of used books, toys, video and audio cassettes during library hours. Items should be in good condition and free from mildew or water damage. No magazines, please!

The Friends of the Library are also looking for volunteers to help sort books on Monday or Thursday evenings, and are looking for volunteers to help out before, during and after the sale in June. Interested volunteers should contact Lucy at the library at 763-8600. In case of rain, the Book Sale will be held on Saturday, June 17.

The Library now has a small collection of computer software and CD-Roms available to borrow. All titles are for IBM-compatible PC's. A list of available titles is available at the desk of the library. In addition to circulating titles, the library has over twenty titles that may be used in the library.

The Plumb Memorial Library is asking you to donate your spare pennies (or other spare change) to them this spring, with all proceeds going towards providing programs, entertainers and prizes for kids during the Summer Reading Program.

Drop your pennies in the big bottle at the library. (We'll also take nickles, dimes, and quarters, too!) At the same time, guess how much money the bottle will hold. The five people coming closest to guessing will win a great prize at the end of June when the bottle is emptied! This will be an ongoing fundraiser to benefit the Friends of the Library. For further information, please call 763-8600.

The Library is open Monday from 3:00 to 8:00 pm; Wednesday from 10:00 am to 5:00 pm; Thursday from 3:00 pm to 8:00 pm; and Saturday from 10:00 am to 2:00 pm. The library is closed on all major holidays.

Federal Home Repair Loans

The USDA, Rural & Economic Development Services, formerly known as Farmers Home Administration, has funding available in the Section 504 Rural Housing Program. This program enables local low income residents to repair/update their dwelling in the form of a loan at 1 percent interest rate and/or in the form of a federal grant. Grant recipients must be home owners who are 62 years of age or older and the loan purpose can only be to remove health and safety hazards. Some repairs include, but are not limited to, repairing roofs, providing a sanitary water and waste disposal system, installing screens, windows, or insulation. A borrower's annual household income is the key to the type of assistance for which he or she is eligible.

For more information and/or an application, please contact Assistant County Supervisor, Dawn
